

Solving today's complexities of... Human Resources Management and Duty Rostering.

5. Courts or Court Liaison Functions additionally include:

- Management of court cases.
- Setting trial dates for witnesses using a 'best fit date' query capability.
- Automatic updating of witnesses schedules, creating overtime as appropriate.
- Automatic notification of trial dates to the witnesses involved.
- Management of any 'countermanding' of trials and/or individual witnesses for those trials.

CARM is paperless, real time scheduling of personnel, resource utilization and optimization with accuracy and consistency in the application of policies or collective agreements. Resource management, patrol scheduling and duty management at its finest.
