

**Canadian Police services use
TriCarm Software Inc.**

Can benefit your organization by...

- ◆ *Eliminating the need for paper such as overtime claim forms.*
- ◆ *Enabling you to manage situations that are difficult otherwise for example complex shift patterns.*
- ◆ *Consistent application of rules and policies.*
- ◆ *Receiving savings in overtime pay and other costs.*
- ◆ *Managing cost centres easily with exact tracking of resources.*
- ◆ *Analyses of lost hours to effectively measure departmental strength.*

CARM is paperless, real time scheduling of personnel, resource utilization and optimization with accuracy and consistency in the application of policies or collective agreements. Resource management, patrol scheduling and duty management at its finest.
